Instructional Method - Definitions and Coding for Course Sections *(full implementation beginning July, 2021)*
This table pertains to courses and every course offered should fit into one box/category.

	"Regular" per regulators	Defined as distance delivery per regulators	
	Synchronous Delivery I	Synchronous Delivery II	Asynchronous Delivery
Single delivery (top row only)	**Face-to-face** (F) = 100% in-person, real time everyone in same CU room *Schedule*: All hours listed with one CU room • *If two classes are connected with technology all hours listed with two CU rooms* *Up to 15% Videoconferencing (virtual) is allowed under Occasional Use Policy*	**Videoconferencing** (V) – *Also referred to as virtual* = 100% of instruction is real time, live through videoconferencing with instructor and all students not at CU locations *Schedule*: All hours listed	**100% Online** (D) = 100% of instruction asynchronous through LMS, no synchronous in-person or synchronous videoconferencing *(virtual)* meetings or exams
Mixed Delivery (middle row only)	**Mixedsynchronous** (M) = Mix of deliveries but not at the same time; ie: use of in-person weeks 1 and 8 and use of videoconferencing weeks 2-7. *Schedule:* All hours listed with one CU room **Polysynchronous** (P*) Temporarily using for COVID; Regular use in future TBD* = Mix of deliveries at the same time; use of face-to-face (in-person) and videoconferencing (virtual); some students in CU room with instructor and some students remote *Schedule:* All hours listed with one CU room		
Blended delivery = synchronous + asynchronous elements (bottom row only)	**Blended Face-to-face** (BF) Mostly Face-to-face *(in-person)* with balance of instruction asynchronous in LMS = 51% or more of instruction is Face-to-face/In-person) and the balance of instruction in LMS *Schedule*: Lists all Face-to-face hours with one CU room *Syllabus*: Explains asynchronous instruction *Up to 15% Videoconferencing (virtual) is allowed under Occasional Use Policy*	**Blended Videoconferencing** (BV) Mostly Videoconferencing *(virtual)* with balance of instruction asynchronous in LMS = 51% or more of instruction is real-time live through videoconferencing with instructor and all students not at CU locations *Schedule*: Lists all Videoconferencing hours with no CU room *Syllabus*: Explains asynchronous instruction	**Blended Online** (BD) Mostly Online asynchronous with balance of instruction Face-to-face (in-person) or Videoconference *(virtual)* *Schedule*: Lists all Face-to-face hours with one CU room *Syllabus*: Explains asynchronous instruction; Videoconferencing sessions can be arranged by instructor with students at start of class
