

Adding a Web Link

1. Add a Web Link

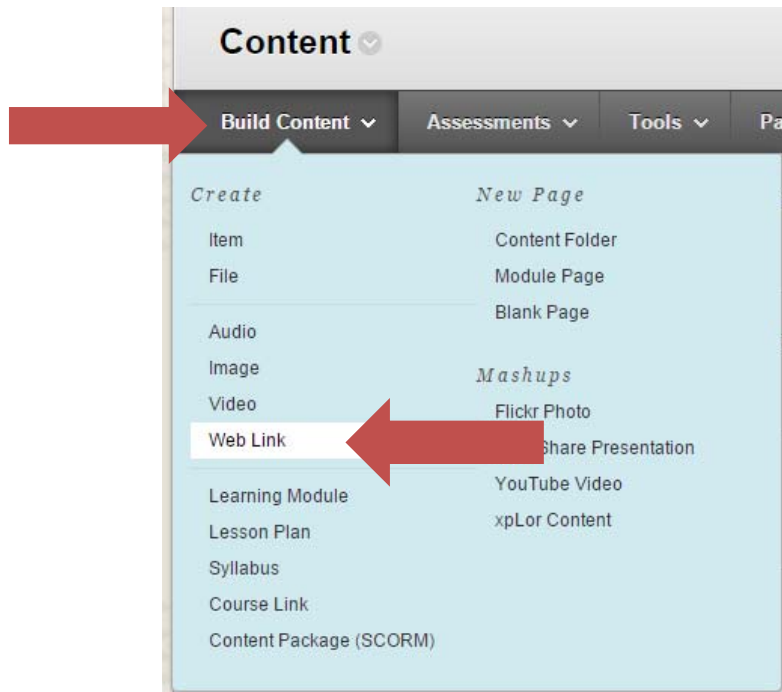

- a. In your course, click on content, then find where you would like to place your Web Link.
For example, add a web link to the Session I folder.

The screenshot displays a course management interface. At the top, there is a 'Content' header with a dropdown arrow. Below this, there are four tabs: 'Build Content', 'Assessments', 'Tools', and 'Partner Content'. The main content area lists several items:

- Introductory Information from your Instructor**: Availability: Item is not available.
- AL 474 Integrative Project: The Business Plan Student Module**
- Evaluation and Grading**
- Session I**

The left sidebar shows a navigation menu for 'Test Course Transfer AL474'. The 'Content' option is highlighted with a red arrow. Below the sidebar, there is a 'COURSE MANAGEMENT' section with options like 'Control Panel', 'Content Collection', 'Course Tools', 'Evaluation', and 'Grade Center'.

b. Once in the folder, hover mouse over Build Content and click Web Link.

c. Enter the web link name and the website URL.*

1. Web Link Information

* Name

* URL
For example, http://www.myschool.edu/

This link is to a Tool Provider. [What's a Tool Provider?](#)

*Note: Include the https:// of the URL. It is recommended you copy the URL from the actual website and paste it in the URL field above.

d. Add a description (if desired) and click submit.

A Web Link is a shortcut to a Web resource. Add a Web Link to a Content Area to provide a quick access point to relevant materials. [More Help](#)

* Indicates a required field.

Cancel Submit

1. Web Link Information

* Name

* URL
For example, <http://www.myschool.edu/>

This link is to a Tool Provider. [What's a Tool Provider?](#)

2. Description

Text

Link to the CUW Homepage for the first assignment.

e. The web link has now been added to your course.
