Universal Design for Learning

Universal Design (UD) is the design of products and environments to be usable by all people, to the greatest extent possible, without the need for adaptation or specialized design. Course materials you develop using UD principles can benefit ALL students, not only those with disabilities. The Universal Design Tip Sheet explains how you can incorporate UD to your teaching strategies, document design, and Blackboard Learn text boxes. [Link to UD Tip Sheet.](#)

susan.gallanis@cuw.edu, 262-243-2007

Susan Nusser, Blended Learning Development Specialist

susan.nusser@cuw.edu, 262-243-2082

“Now to him who is able to do immeasurably more than all we ask or imagine, according to his power that is at work with us, to him be glory in the church and in Christ Jesus throughout all generations, for ever and ever! Amen.”

Ephesians 3:20-21
