Deadline for CITG Submissions: Wednesday June 1st

The purpose of the Concordia Intramural Teaching Grant (CITG) is to improve learning at Concordia University by supporting innovative teaching and both Mequon and Ann Arbor campuses. Full-time faculty may submit applications for an innovative teaching project connected to a face-to-face course they are scheduled to teach in the 2016-2017 academic year. The innovation must be a new development not already in the course or already planned as an innovation for the entire department/school.
