

# Copy a Course in Blackboard to Another Blackboard Course

1. In the course you want to copy from, click on Packages and Utilities. Then click on Course Copy.

2. From the drop down menu, select "Copy Course Materials into an Existing Course". Note: Do NOT copy your course into a New course; copy it into an EXISTING course.

3. Click Browse to find the course you want to copy the materials *into*. A box will pop up with your courses. Click the button on the left to choose the course you want to copy into. Click Submit.

The screenshot shows a Blackboard interface with a 'Browse...' button highlighted by a red arrow. A popup window titled 'Courses - Blackboard Learn - Google Chrome' is open, displaying a table of courses. The course 'CELT-151 Susan Test 3' is selected, indicated by a radio button and a yellow highlight. A red arrow points to the 'Submit' button in the bottom right corner of the popup window.

| Course ID                                 | Course Name  | Start Date   | Instructor   | Section Instructors   |
|---|--|--------------|--|---|
| <input type="radio"/> CELT-150            | CELT Test Course for Web Conferences                 | Aug 17, 2016 | sgallanis<br>mblodget<br>justinsuperadmin<br>eevans<br>f00411894 | Gallanis, Susan<br>Blodgett, Margaret<br>Frisque, Justin<br>Evans, Elizabeth<br>Virchow, Brittany |
| <input checked="" type="radio"/> CELT-151 | Susan Test 3   | Dec 9, 2015  | sgallanis  | Gallanis, Susan   |
| <input type="radio"/> CELT-175            | Department Transition to Blended Learning (Gallanis) | Feb 16, 2016 | sgallanis  | Gallanis, Susan   |
| <input type="radio"/> CELT-194            | CELT - Universal Design for Learning                 | May 17, 2016 | sgallanis  | Gallanis, Susan   |

4. Select the items you want to copy. In most cases, you can click Select All, then uncheck items you don't want to copy (example: Announcements). Then click Submit. NOTE: If you are copying discussion boards, there are two options for copying:
- The first option will copy the discussion board AND all of the threads created in that discussion board (even those created by students).
  - The second option will copy ONLY the discussion board (no created threads). This option is most commonly chosen if your discussion prompt is in the forum description or your forum is a "post-first" discussion (students must post their response before reading other responses).

Cancel

Submit

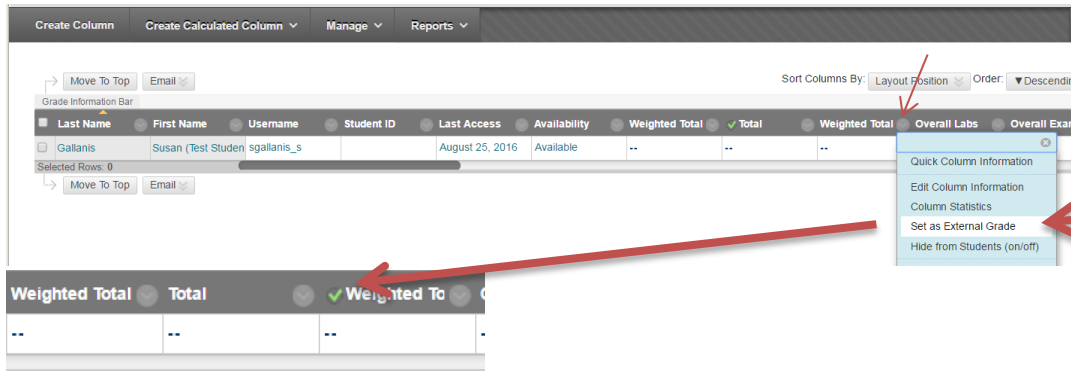

- You will receive a message that the copy action is queued (see green below). You will receive an email when the course copy is complete.

- After the copy is complete, check the Full Grade Center for possible duplicate Total or Weighted Total columns. Click on Grade Center, then Full Grade Center. An extra Weighted Total and extra Total columns may be there. The next step explains how to adjust these redundant columns.

- First, find the column you will use for the final grade for example, the Weighted Total column for a percentage-based grade center. If there are two of them, determine which column includes the weighting (percentages) copied from your course. Once determined, click on the chevron to the right of the title of that column. Click Set as External Grade. The green check mark will move to this Weighted Total Column.

- The remaining Weighted Total and Total columns can be deleted. Click on the chevron to the right of each column and click Delete Column.
