This program is for faculty, staff and students. This project is designed to provide an inter-professional in-home team-based assessment approach for falls risks, medication risks, and mental health screening for seniors receiving “meals on Wheels” in Sheboygan County. This novel approach incorporates an inter-professional and holistic approach to the quality of life and wellbeing of seniors in their homes while exposing students to the realities and challenges the elderly face to remain safe in their homes

“Love: Unconquered & Uncommon”

“In all these things we are more than conquerors through him who loved us.

For I am sure that neither death nor life, nor angels nor rulers, nor things present nor things to come, nor powers, nor height nor depth, nor anything else in all creation, will be able to separate us from the love of God in Christ Jesus our Lord.” (Romans 8:37-39 ESV)
