

Tests – View Test Questions and Set Timer

1. In the course, click on Content.

2. Locate the test (it may be in a folder). Click on the chevron, then click Edit the Test Options or Edit the Test.

3. Edit the Test Options: Where instructor can set a time limit for a test and have it auto-submit at the end of the time limit. Note: DO NOT check Force Completion as it will submit the test for the student if they momentarily lose internet connection. Instead, set a timer with Auto-Submit ON.

Force Completion

Once started, this test must be completed in one sitting.

Set Timer

Set expected completion time. Selecting this option also records completion time for this test. Students will see the timer option before they begin the test.

30 Minutes

Auto-Submit

OFF ON

OFF: The user is given the option to continue after time expires.

ON: Test will save and submit automatically when time expires.

4. Edit the Test: Shows the total number of questions, total points, and each specific test question, with the correct responses indicated (when applicable).
